Another year — another "Acorn." With each new book, new ideas. Your staff believes this book is especially blest with novel features. Particularly is this true in the ever-popular "Informals," to which we invite your attention, toleration, and charity. We trust that you will enjoy many pleasant moments, now and in the later years, browsing through these pages. They bear suggestions of treasured memories to every wide-awake student of Alameda High. We invite you to enjoy "the best 'Acorn' ever produced." » » » » » » »

FOR
WORD

DEDICATION

In the midst of Holy Week, Death cast his shadow over a beloved member of our high school community. Mrs. Verna L. Cogburn, for nine years a teacher in the Department of Mathematics, was taken after a brief illness. Conscientious in duties, sympathetic in associations, unselfish in all her labors, she made life richer and better for all whom she served. In deep appreciation of her service and in tribute to her memory this annual is respectfully dedicated by the students of Alameda High.

Mabel Russell

ADMINISTRATION

"A thing of beauty is a joy forever.
Its loveliness increases: it will never
Pass into nothingness."

—Endymion.

So sang Keats, probably the most sensitive soul of all English poets. He declared late in his life: "I have loved the principle of beauty in all things and if I had had the time I would have made myself remembered." It was a firm belief of this great genius that all creative work was a part of beauty, that beauty itself was universal and pervaded all life. And was he not right? Sometimes we debate and quibble over what is Reality. The philosophers and scientists and men of thought in all departments of intellectual endeavor have striven to analyze, define, and declare what Reality is. Certainly we are very near the truth when we say that beauty is in its essence Reality, and at the heart of all things worth while. We might even go so far as to say that beauty is the soul of Reality, whether that Reality be music, or painting, or poetry, or dramas that search the soul with their flying flames, or great actions of splendid souls who stand for principle, or the distant blazing universes which move in infinite space millions of light years away.

The Greeks thought much of beauty and followed it to great length, both in their unusual poetic creations as the Odes of Pindar, in the great dramas of Aeschylus, in their immortal architecture and sculpture, and most of all in human form and figure and conduct. The Olympic Games, which we are celebrating this year, were founded by the lovers of beauty. All of their games were based upon and grew out of the principle of beauty and the search for beauty. Socrates, probably the greatest of all their thinkers, had just one defect which even the Greeks could hardly forgive, and that was the lack of personal beauty. Probably if he had had with all his grace of intellect and power of thought, personal beauty also, he might have been worshipped as a God.

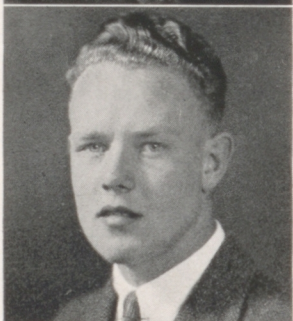

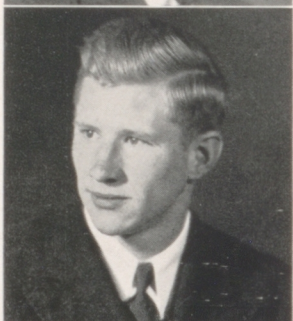

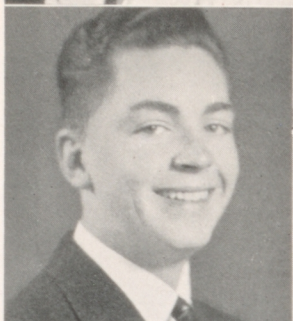

Today, in our modern life, we are following closely the truth that "a thing of beauty is a joy forever". Our modern schools have caught that spirit. We are not satisfied with ugliness in any form, whether it be in person or in conduct, in household implements for our homes, in our automobiles, in kitchen utensils, in the clothes we wear, or the building of our bridges.

And so, in art and music and literature and in the functioning of society itself, we demand essential truth, which is beauty. Amid the difficulties that beset us at times, the discouragements, the loss of valued possessions and friends that are dearest to us, we turn to beauty as an escape.

Our Annual in its general appearance, illustrations, and other material gives concrete evidence that good taste, fitness, and correct standards of beauty are sought for, in fact, demanded by our able editors, managers, contributors, and their excellent adviser. My compliments and congratulations!

The serious problem encountered last semester, namely, that of not being able to use our own auditorium, continued through the fall term. Mr. Richard Nasser, manager of the Alameda Theatre, however, helped us to solve the problem by giving us the privilege of using his theatre for the majority of our student meetings. In addition to these regular meetings in the theatre, numerous outdoor meetings were held.

The programs secured for the students by President Tom Yale, and the Student-Faculty Committee, were varied and well selected. Many prominent persons were obtained, among whom were: Dr. "Brick" Muller, famous end of the great California Wonder Teams; Allen Benelli, well-known aviation instructor at the Boeing School of Aeronautics; Phil Ray, of the Oakland Tribune; Rev. Petrie, of the Presbyterian Church, and Mr. Wm. G. Paden, Superintendent of the Alameda Public Schools. In addition to the above mentioned, our old pal, Jack Burt, was with us again for Armistice Day.

In the absence of President Yale, Vice-President Mary Young presided over a few meetings and proved her worth by doing so with great ability.

The manner in which President Tom and his administration carried on in face of many setbacks is in itself a great achievement. It is no idle statement that says that Tom's administration ranks with the best of them.

The spring administration of 1936 under the able leadership of President Don Morgan brought before the student body many varied student meetings that were both entertaining and educational.

The school was honored in presenting such attractions as Virginia Haig and Carl Ravazza; the Pomona Glee Club; Nat Thomas and his orchestra; Mr. Bledsoe of the Berkeley Police Department, and one of the most successful Student Talent Days on record.

Although this administration was handicapped with our Auditorium still condemned, nothing kept President Morgan from establishing himself as "tops" as a leader of our school government.

The student-faculty committee, which is responsible for our student meetings, was headed most ably by Mrs. Hazel B. Hunter.

The editors of the "Acorn" desire to express their appreciation to the members of the staff who gave so liberally of their time and efforts in preparing this book. Especially is our thanks due to Mrs. Smith and the Art Department for the excellent art work which, we believe, distinguishes our production. The staff desires, also, to thank Dr. Thompson for his contribution to this book and his words of encouragement and good will. We regret that lack of space prevented the editors from using some excellent materials offered by various members of the student body. Also, it has been impossible to include individual names under the majority of group pictures. Where feasible, however, names have been used.

The editors call your attention to the advertising section and commend your patronage of those concerns which have supported publication of this book. They are entitled to that special consideration.

The Clipper Ship—"June '36" was launched August 14, 1932, when a group of Freshmen were ushered into the high school. Their first bit of action was to elect a pilot. This was Dorward Henderson. For the High Freshman term, Charlie Strohm was selected. The beginning of the Sophomore year was hailed as a big step in the flight towards the port of Graduation. The pilots for this journey were Mario Fernandez and Don Morgan. Victor Gray and Paul Schacht successfully steered the "Ship" through the Junior year, stopping to enjoy the Nautical Prom which was a huge success. In the Low Senior, presided over by Harvey Nelson, "Just Out of College" was presented as the Senior Play. Gerry Skerry and Harry Hutaft were starred. During the four years many successful dansants were held at the various stops of the "Ship." And now on its last hop towards Graduation Port, the Clipper Ship—"June '36" is being piloted by Harry Hutaft. The class is looking forward to the happy landing of the "Clipper" as our last bit of action in the high school, the Senior Ball.

Spring '36

The Class of January, 1937, is now completing its seventh term at Alameda High, and it is appropriate that we pause and review the record of our accomplishment.

On Circus Day, 1934, we astounded the school by winning the pennant for best representation in the parade, and we made the school "peanut conscious" with Les Jack (Chief Peanut) as Sales Manager.

We captured the school's interest in 1935, when our Rococo Prom was announced; so much so that we proceeded to make history by having THE most successful prom on record. Take a bow, Manager Curt Smith!

Again, in 1936, we created something of a sensation when we presented the famous four-act comedy, "BAB," starring popular Jo Frederic and super-dramatic Udo Hinck. It was a tremendous success, with a supporting cast of genuine stars, consisting of Beth Finfrock, Dorothy Zampa, Mabel Russell, Peggy Graves, Hugh O'Neill, Jack Hanly, Curt Smith, Keith Wadsworth, and Robert O'Keefe. The capable manager was Ozzie Torricelli.

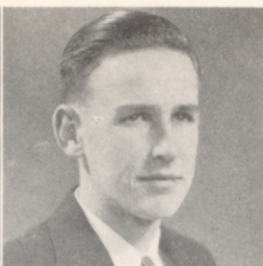

When the next "Acorn" appears, we will have taken our place among the great classes of history; only modesty prevents our claiming the distinction of being the greatest.

DR. ROY AKAGI

Dr. Roy Akagi, one of the most brilliant and accomplished students from Alameda High, was a member of the class of June '14. Since then he has received degrees from the Universities of California, Chicago, Harvard and Pennsylvania. In 1927 he was a member of the Japanese delegation to the Third Biennial Conference of the Institute of Pacific Relations. Dr. Akagi has made several lecture tours in this country and has served as visiting lecturer at Columbia University. He has written a number of books on Japan and her diplomatic relations. Dr. Akagi is now Counselor to the General Management Department of the South Manchurian Railway, Dairen, Manchukuo.

DR. ROY AKAGI

MISS HEATH ANDERSON

The name of Miss Heath Anderson is well known all up and down the Pacific Coast for her colorful and realistic flower watercolors and oils. A great many of these have appeared on the covers of national magazines. Miss Anderson is young, and her delightful personality reflects in all her work. When in high school, she majored in art, and upon graduation from Alameda she went to the California School of Arts and Crafts. Since that time with the aid of only a few private courses, she has made a national name for herself. Fine art is not the only type of work Miss Anderson does, however; she is a very good commercial artist and paints many of the delicious-looking foods which appear on bill boards and in magazine advertisements. Alameda High School is proud to have among our alumni anyone as charming and outstanding as Miss Heath Anderson.

MR. NEIL C. WILSON

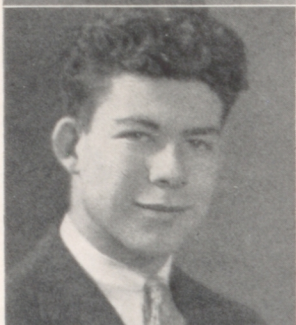

Mr. Neil C. Wilson graduated from Alameda High School in 1908. Since that time he has become the well-known author of **Treasure Express**, a book filled to overflowing with sagas of California in the early days, and the story of the Wells Fargo mail service that penetrated the great west at that time. After his graduation from Alameda, Mr. Wilson was editor of the "Times Star" for about six months. (Incidentally, it was he who started that little column **They Say Along the Campus**.) Then he entered Stanford University, where he majored in economics. Upon graduating he worked on the staffs of several newspapers and is now in an advertising business in San Francisco. After meeting Mr. Wilson, it is easy to understand his success. He has a pleasant and winning personality, and a remarkable ability for the work that he is doing.

MISS ESTHER BRUTON

"Well," laughed Miss Bruton, "the work I do can't be put under one heading, there are so many phases to it." And so she proceeded to name the different fields of art in which she works, and to tell me what she has done since she graduated from Alameda High School. First, she went east to the New York Art Students' League. When she finished her courses there, she stayed in New York for about two years before coming west. She has worked in San Francisco since then. She does commercial illustrating, mural painting, and etchings. Miss Bruton herself is slim, young, and utterly charming. She started her art career as Art Director of "The Acorn".

This term the High Juniors launched the Clipper "Prom" with great success and acclaim from all the school. This our first large school activity forecasts a brilliant future. Members of our class are prominent in all phases of school life. Three members of the Girls' Association Administration, and the A.S.A.H.S. yell leader are High Juniors. We are well represented in both boys' and girls' sports. Terzian, Kay, and Hoekenga were chosen speakers for the Julia Arnold International Relations Forum. We have high hopes and expectations for our senior year and are looking forward to making it as successful as the past two terms.

Under the capable leadership of the class presidents and their assisting officers in the past year, three dansants, two skating parties, and one theater party were given by the present Low Junior class. Due to the cooperation given by members of the class these affairs were complete successes.

Much progress has been made and we hope to accomplish even more in the future than in the past.

The 2B class of June '38, under the leadership of our faculty advisors, President Bob Oskea, and the Administration, is enjoying another successful term. In the past we have sponsored three original dansants. Each was a financial success.

The class is well represented in athletic events, club activities, and social affairs of the school. Our shining tennis stars are Bill Canning, Marion Ganns, and Louis Martini. Louis is also gifted with a beautiful singing voice. In swimming, we are represented by Bob Korn and Bob Bowles. Bob is also good at basketball and track. Baseball: Jack Ratto and Teddy Bergold. Track: Dick Gentry, Roland Mitcheli, Walter Sherman, and John Bricker. With all this athletic material I think you can expect many great things to come from the class in the future. We are looking forward to giving the best Junior Prom ever sponsored by any class.

The class of January '39 has had a year of unusual success. Under the leadership of two capable presidents, Bob Lindemann and Ben Canepa we have passed from the lowliness of freshmen into the long sought positions of Low Sophomores. Our first joy of becoming Sophomores came when we initiated the incoming Freshmen in the presence of the Student Body. Under the management of the class officers and with the gracious help of Miss Bennett we held a theater party which we considered to be the class' outstanding activity during our time in Alameda High. The class has many promising athletes and statesmen in its midst. Roland Micheli is outstanding in track, John Van Sicklen in swimming, and Jane Lundin in tennis. We only hope we can fare as well in the future as we have in the past.

We, the class of June, 1939, under the leadership of our presidents, Bob Fletcher and Ted Keremitsis, and with the help of our advisors have been very successful as a class. At the present many of the class have been turning out for track, golf, baseball, and swimming, trying to follow in the footsteps of the upper classmen.

So far we have had two successful dansants, the first directed by Ted Keremitsis and the "High Scrub Hop" directed by Dick Goggins. Because of these activities the treasury is in very good condition.

The Girls' Association of the Alameda High School belongs to every girl in our High School whether she pays the Association dues of ten cents a term or not. We issue no tickets, we keep no records of those who do not pay; we just trust that every girl will want to be a member of the organization which programs girls' activities, girls' interests, and girls' social service in the High School.

When it is time to welcome the incoming Freshmen we are especially busy making plans for an afternoon of fashion shows, tea, and dancing. We make a slight charge for this entertainment to everyone excepting new girls and Freshmen. The Senior girls act as "big sisters" at this time, each one being assigned to care for a Freshman.

Our organization belongs to the Bay Council League of Girls' Associations to which once a year we send our delegates. They, in turn, report to our association matters of interest from other high schools about the bay.

It cost us in a term about \$50.00 to cover our various activities and we take great pride in the fact that our Girls' Association is ready in spirit and in effort to help put over anything which will be a benefit to our school.

Members of Chapter 240 of the California Scholarship Federation have enjoyed a very eventful year. Last term's president, Fred Mulholland, gave a Halloween masquerade party in his home in October. Music, story-telling, games, dancing and refreshments were all a part of the evening program. This Spring Term, Mr. Reginald F. Saunders, (C.S.F. Advisor), arranged transportation for those members who could attend two C.S.F. conferences, namely—the Bay Section District Meeting at Pleasanton and the Central Regional State Conference at Watsonville. Since then the members visited the zoo and had a swimming party at Fleishacker pool in San Francisco, had an illustrated talk on his travel in Iceland and Norway by Mr. Franklin Cummings, and a similar one on Switzerland and Italy by Mr. Saunders. The Spring Semester closed with a very delightful party at the home of the president and vice-president, Jane Kay and Natalie Kay.

Evelyn Heald, a C.S.F. Sealbearer of the mid-year class, has won a \$300 scholarship to Pomona College by means of a competitive examination. She will enter Pomona College in September.

Spring '36

The Star and Key Society has held several interesting meetings during the past year. At one of the recent meetings members of the society were entertained by Mr. Graham of the Pan-American Airways, who told us about the latest airplanes and the routes of the Clippers. The executive committee and officers are planning several interesting meetings for the ensuing year.

According to our constitution, the aim of the Latin Club is to "promote" friendship and a more general interest in the classics among the Latin students.

This year, much to our surprise and delight, our membership has doubled. We have had therefore, a very successful term. Another thing, of which we are proud is the fact that our club newspaper, "Tempora," founded in 1925, has been reissued after a lapse of several years. A copy is given to each member at each meeting; in addition to this a special edition was distributed to all Latin classes at the beginning of the term. Each issue consists of humorous stories about the Romans, jokes, and club news.

The Spanish Club has met regularly this year on the second Thursday of each school month. At all meetings there has been a full attendance.

During the Fall and Spring semesters the four officers of the club have arranged for suitable and varied entertainment. Many of the numbers on the programs have been furnished by the members themselves. Outstanding among those who have contributed their talents this year have been Don Jenkins, Bill Fisher, Rix Maurer and Robert O'Keefe.

A new feature was introduced during the Spring term by Bill Parker, the treasurer. A novel membership certificate, printed in Spanish, has been given to each member upon the payment of his dues. This new idea will undoubtedly be continued in future semesters.

The German Club consists of members who have taken German and those who are now taking German. The club offers many social activities for those who belong; the dues are very small in comparison with all the social activities that the club gives its members. Each term there are new officers, elected for that term. Four or five meetings a term are held, with refreshments being served at each meeting. Each semester the club holds several different activities for its members; such as, a boat ride to Yerba Buena Island, an outing to Livermore Caves, and a Christmas party, all of which were held last term. To create school spirit the German Club manufactures and sells a different kind of emblem each football season.

Chief Engineer Fred Mulholland, with a staff composed of Marge Callenberg, assistant engineer; Dorothy Godfrey, keeper of records; Ruth Ludlam, finance manager, and Rose Marie Gage, reporter, have successfully completed the bridge between Fall '35 and Spring '36. The play "Apres la Guerre" and the dansant were some of the many achievements which were accomplished.

The new bridge, extending from Spring '36 to Fall '35, has also been completed this time under the able leadership of Maxine Nelson. The staff, which included Jeanne Goggin, June Wood, Natalie Kay, and Eveline Pomme, make possible the successful joining of the two terms. The Cercle Francais extends its many thanks to those who make the success of this term possible.

Good luck to future builders!!

At no time since 1924, when the Block "A" Society was started by Coach Otto Rittler, has the society had such a busy time as it had in the Fall term of '35 and the Spring term of '36. The strict entrance examination which calls for an average grade of "C" for admittance has had a lot to do with this. The morale of the society has been very high and due to this we have been able to have many social functions and entertainments.

Among the outstanding events which the society participated in were: giving out 75 Thanksgiving baskets, ushering at football games and track meets; a three day stay at the Russian River; Public Schools week athletic show; the greatest Circus Alameda High ever had; Freshman boys' sports night; Elks' circus, skating party; Elks' sports night and candy sale.

The society is also wearing the new blocks that the administrative board has voted out.

This organization has increased in number. Its activities have included a faculty Block "A" party, a swim at the Women's Athletic Club, a theater party, and a dance. One third of the dues of the society go into reserve for charity. The contest for the Queen of Circus Day was run off in admirable fashion to bring over \$110 into the Circus Day fund, thus helping to insure a successful day. We were very proud to have one of our Block "A" members, Wanda Fenton, chosen to wear the crown.

Our present leader, Babe Milian, has conducted us through a very successful term, leaving a high standard for the next administration.

The Sword and Shield Society is the officers' club of the Alameda High School R.O.T.C. unit. This is organized to increase efficiency of the cadet officers by having social gatherings which allows the officers to become better acquainted. This club, according to tradition, gave a Military Ball on May 15, which was the fourth annual ball to be given by this organization. This successful affair was managed by Cadet Captain Herbert Blackwell, while Faculty Advisor Captain Goldman and the sponsors, Misses Barbara Cramer, Jane Ryerson, Marilyn Mastick, Dorothy Jessen, Jo Frederic, Corrine Elster and Gwen Maguire, gave valuable assistance.

JOHNSON HALL,
Recording Secretary.

Major Johnson

In accordance with the rules of the War Department it becomes necessary for Major Harold S. Johnson, commanding officer of the R.O.T.C. to be relieved of his local command, the three years he has served our high school unit, the organization has developed and maintained an excellent morale. The fine presence and personality of the major has given to the R.O.T.C. an example of the ideal American citizen and soldier. It is with the deepest regret that the high school faculty and all the students bid goodbye to "the major." But they wish him Godspeed and all good things that should come to the true gentleman.

The Rifle Team

Showing distinct improvement over last year, the Alameda High school rifle team promises to bring new laurels to the school in the course of the next two or three years. In the Ninth Corps area, our team last year placed 28th. This year, due to the splendid work of some of the new men as well as improved work by the older, the team placed 11th in the Corps area contest. Since any team placing 15th or better receives special recognition, our team this year was granted one-half point in the area honor school rating. Major Johnson and Sergeant Boyer are confident that with the addition of four promising freshmen, Wallace Allan, Ted Keremitsis, Eugene Powell and Earl Shubert, the team will "go places". Ten men who shot in this year's competition will be in the team for several years to come. Our team of 1931, it will be recalled, won the national championship.

The officers of the Non Coms' Club for the Spring were elected as follows: Sergeant Major, Donald McKean; chief clerk, Richard Gentry; provost sergeant, Gordon Dean. Due to the fact that Sergeant McKean was promoted to a lieutenant he became ineligible for office. Sergeant Gentry was elected to this office and Sergeant Doran replaced Sergeant Gentry as chief clerk. The main business of the term was the revising of the old constitution. The new constitution provided for three additional officers who were elected as follows: color sergeant, Sergeant Bedinger; mess sergeant, Sergeant Venton, and sergeant of the guard, Corporal Bryant. The social events of the term were in conjunction with the Sword and Shield Society. They were: A picnic, a swim, and a Leap Year party conducted by Honorary Captain Dorothy Jessen. This by far was the outstanding social event of the term.

Our Coaches

After much persuasion on the part of the "Acorn" staff, our Phys. Ed. men consented to have their pictures taken for this edition. Their individual records and personalities are well known to all the students. Each gifted in special skill, these men constitute a corps of coaches of which Alameda High is proud.

Otto Rittler, well-known veteran in the realm of sport, heads the group. His record rests in the host of successful athletes whom he has developed—all of whom hold him in high regard.

Carl Young has devoted much time and attention to corrective work and his achievements have earned the eternal gratitude of many boys who have been benefited by his sympathetic care and attention.

Chris Freeman, famous football star, has been the coach, together with Carl Young, of our varsity football teams. These men have maintained a fine morale despite the handicaps and discouragements which seem to hound that sport.

Lewis Jolley has been especially successful in his track teams of recent years. His track records are a pride to our school.

Vergil Gilcrease, our latest acquisition, has established himself as a versatile, competent instructor in basketball, football, golf and other sports.

Here's to the coaches!

VARSITY FOOTBALL

Top Row: Coach Young, Shubert, Godfrey, Seilel, McCullough, May, Laughton, Vickers, Castro, Mgr. Pearson.
Middle Row: Heyn, Perrera, Morgan, Nelson, Bierwith, Watty, Cotella, Rodenborn. Bottom Row: Fernandez, Bell,
Pingree, Husing, Rideaux, Gerds, Powers, Thau.

Varsity Football

Practice Games				A. C. A. L.			
Alameda	14	Tamalpais	6	Alameda	0	Piedmont	35
Alameda	21	Pittsburg	0	Alameda	0	Richmond	0
Alameda	0	St. Mary's	6	Alameda	6	Hayward	14
				Alameda	0	Berkeley	13

Alameda started its 1935 football season with high hopes, winning by large scores its first two practice games. In the A.C.A.L., the Hornets were less fortunate, although they played two very good games.

Alameda 0 Richmond 0

Alameda was the only A.C.A.L. team which held Richmond. The fast Oiler team was held to a scoreless tie by drenching rain, gumbo mud, and a hard fighting Hornet eleven.

Alameda 0 Berkeley 13

During the closing minutes of this game, the Alameda varsity had the ball within inches of the Berkeley goal line three times. Many thought the ball was carried over the line on these plays.

Among the outstanding players of the Alameda varsity were Captain George Rideaux, Walter Husing, Sam Rodenborn, Willard Thau, Mario Fernandez, John Cotella, Ernest Pereira, and Don Morgan.

Class B Football

Alameda	0	San Leandro	6	Alameda	14	Oakland	0
Alameda	26	Roosevelt	0	Alameda	0	Berkeley	46

Among the stars of this team were Bill Fisher, Bob Haden, Kazumi Sonada, Allan McDonald, and Bob Chapman.

RESERVE FOOTBALL

Top Row: Costa, Nicholson, Moseley, Roberts, Eaton, Farley, Maillot, Logan, Penman, Doolittle. Middle Row: Coach Freeman, Rose, Roberts, Hacke, Cubillas, Reeves, Sherman, Farquar, Ekstrom, Mgr. Philips. Bottom Row: Johnson, MacKenzie, Peters, Ward, Sharpsteen, Hanamura, Henschel, Owen.

CLASS B FOOTBALL

Top Row: Pauline, Chapman, Amen, Tardiff, Fisher, Coach Gilcrease, Olson, Scirell, Ratto, Bustead, Lotter, Torricelli. Middle Row: Oskea, Hampton, Bofinger, Gray, Frombolo, Mateer, Reynier, Taylor, Lillie, McDonald. Bottom Row: Trautman, Sonada, Ohls, Haden, Mundt, Watson, Smith, Sylvester.

VARSITY TRACK

Back Row: Mgr. North Coast Meet:

Berkeley, 21; San Jose, 13; Palo Alto, 12; Alameda, 11; San Ramon, 11.

Despite the loss of several of its best men by graduation, the Alameda track team had a very successful season. In the dual meets the team suffered no losses and won by very high scores. In these meets Walter Otto was outstanding in the 100 yard dash and 220 yard low hurdles; Paul Schacht and Rix Maurer were winners in the 120 yard high hurdles; Walter Adamy and Paul Schacht cleared six feet in the high jump; Nick Perata was sensational in the mile run, running it in around 4:37; Sam Yagyu in the broad jump was a record breaker, jumping 22 feet 10 inches; Clifford Singleton in the 440 yard run was many times winner; Win Euler in the 100 yard dash and 220 yard dashes was a great point collector; Archie Buckley and Russell Peterson were always on the top of the list; and the Alameda relay team of Euler, Singleton, Schacht and Otto was a team to be beat by winning the relay in grand style in all meets including the A.C.A.L.

Graduation will take all the above stars except Euler and Peterson, who with Ed Macaulay in the 880 yard run, Slat Micheli and Sam Yagyu in the broad jump will form the nuclei for the next Alameda varsity.

VARSITY BASEBALL

Back Row: Mgr. Garfinkle, Pauline, Thomas, Frick, Wolvertone, Perry, Haden, Asst. Mgr. Alexander. Standing: Dunavon, Kessler, Vernazza, Lane, Wright, French, Fisher, Ratto, Coach Rittler. Sitting: Henshel, O'Toole, Souza, Ratto, Eisenhart, Goggin, Painter. First Row: Maillot, Goggin, Ray, Relfe, Owen, Bergold, White.

Baseball

Otto Rittler, veteran baseball coach of Alameda High, turned out a well trained but inexperienced nine this season.

The boys won 7 out of 12 practice games, and took second place in the A.C.A.L. Roland Goggin, outstanding southpaw pitcher, and Bob Wright are both graduating. Charles Souza, talented pitcher, will play no more baseball for Alameda either. However, the rest of the team will be back next year, and a strong Hornet nine is expected.

The wheel of fortune spins—and surely she stopped for the G.A.A. The sports, for which our organization exists, were run off in four successive seasons. On four occasions we were invited for Play Days, one of them a Sports Day at the University of California, where we were pleased to see some of our former G.A.A. members demonstrating.

The Amateur Hour Dansant provided both pleasure and profit. On Circus Day G.A.A. presented an amusing skit. Probably the most important progress in the organization was the formation of the Girls' Block "A" Society.

The sports season always ends with a spread, which last season had a Roman motif. This year we will carry out an Olympiad motif.
